

Kathara Levels 2-3

The Kathara Level 2-3 Program introduces various parts of the multidimensional anatomy as they exist within the context of the “*Sacred Sequence*”, the ***Manifestation-Transduction- Sequence***, culminating in our introduction to an aspect of anatomical structure called the “*Ra Center*”, located within the “*Hara*” level of Multi-dimensional Anatomy.

The “*Ra Center*” is so named due to its function as a primary “*Point of Unity*” within the manifest and Multidimensional Body through which the “*Ka*”-*Light* and the “*Tha*”-*Sound* aspects of Multidimensional Anatomy, and their corresponding Interdimensional Frequency Spectra, meet and merge.

The Ra Center represents the ***Primary Point of energy circulation and exchange*** between the ***physically manifest form*** and the “*Ka*” and “*Tha*” which, in terms of multidimensional anatomy, represent the ***”Body of Light”*** and ***”Body of Sound”***, that together form the ***”Ethereic Blueprint”*** from and through which each Dimension of physical manifestation emerges

The Kathara Level 2-3 Program introduces the various elements of Multi-dimensional Anatomy, from the Transcendent Eukatharaista Body to

Merkaba Fields, the Radial Flame Body and Crystal Body of the ***intermediate anatomy***, and their corresponding technique applications, that empower and prepare us for reawakening of the “*Ra Center*” and its long- dormant accelerated healing potentials.

Anatomy of Eternal Creation

Understanding the processes by which the Scalar-Standing-Wave Shield Templates develop to become intricate living anatomy structures through and within which “physical” manifestation takes place reveals the *literal process of Eternal Creation itself*.

The technique sequence featured within the Kathara 2-3 Program is designed to reawaken the *natural sequential pathway of Primal Life Force-Primal Life Source* frequency activation, and corresponding spiritual identity integration, that is organic to the structure of Multi-dimensional Anatomy within its ***Eternal intimate relationship*** to the Manifestation –Transduction Sequence.

Level 2

The technologies of ***Flame Body Activation*** featured in ***Kathara Level-2*** specifically address development of the ability to access, embody and transmit the powerful ***Heliotalic Ecka Core Frequency Spectrum of Primal Life Source Currents*** that exist beyond the

immediate 15-Dimensional Frequency Spectrum.

Level 3

Kathara Level-3 explores ***Crystal Body Anatomy***, its basic structure, and introduces the nature of ***Ecka Eternal Living Light Primal Source Currents*** and ***Sho-na Static Finite Life Reversed Polarity Dead Light Currents***, in relation to Multi-dimensional Anatomy.

Through understanding specific processes of Crystal Body Eternal Creation we can better understand the anatomical structures and processes inherent to our personal Multi-dimensional anatomy, thus better comprehending the Nature, Cause and Remedy of Dis-ease conditions within the manifest body systems.

The Kathara Team will offer you the experience of exploring the Kathara 2/3 material with the assistance of a **colour** Power Point presentation. To facilitate integration of the material you will be offered the experience of being guided through all the techniques (in a **group environment which amplifies the frequencies**). The current **pre-requisites for all current Speaker workshops** (live or via [home DVD study](#)) are the Kathara 1 – 3 materials.

'The Kathara Programmes are not "new". They are simply translations of the once Common-Knowledge Wisdom held within the Pre-Ancient Maharata texts that were lost to humanity during the late Atlantean period. Return of our Healing Potentials is a **Gift** that the Earth is presently offering to all of us; return of the Ancient Wisdom is a Gift we can choose to return to ourselves...and the Life-field of this Planet.

"For *every-thing* there is a Season...and a *time* for every purpose under Heaven..."

It is *now* "a time" for Healing...if we so *choose*. The Kathara Programmes are lovingly offered as simple tools to facilitate the endeavour of achieving true and lasting Healing of our Planet, its Species, and of Our-Selves.'
